DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Lawrence Laubscher, Jr on 29 November 2004.

The application has been amended as follows:

In the Claims:

- Please amend step (ii) of claim 23 as follows:
(ii) discerning visually a color change in ~~[said]~~ at least one region of **an** ~~[said]~~ array of said level indicator;

Allowable Subject Matter

2. Claims 1-28 are allowed.
3. The following is an examiner's statement of reasons for allowance: A level indicator which includes a thermochromic leucodye ink, whereby when said level indicator is in a heat transfer relationship with a heat transfer-inducing agent, said at least one leucodye ink in said level indicator, in the region of the interface between the liquid and the void volume above it within the container and having an operating temperature range encompassing the temperature of the heat transfer-inducing agent, will exhibit a profound color change responsive to heat transfer between

the heat transfer-inducing agent and the liquid so as to permit the level of the interface to be detected, in combination with all other limitations of the apparatus claim is not disclosed nor deemed obvious in view of the prior art of record. Further, a method of determining level for a sensor with at least one leucodye ink in combination with all other limitations of the method claim is not disclosed nor deemed obvious in view of the prior art of record. The use of leucodye ink is not disclosed nor deemed obvious for a level indicator in view of the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The examiner has cited various references that are deemed relevant to the general state of the art of the present invention.
